Christmas Crackles & Wrappers

Christmas crackles were first invented in London when a confectioner named Tom Smith had the idea to sell his sugared almonds and sweet bonbons wrapped in colourful paper with little mottos or love notes tucked inside. Later, Smith was inspired to add a 'crackle' by using a strip of paper that snapped when pulled. Lo and behold, the sweet-filled wrappers evolved into the crackles we know today, complete with toys, hats, and jokes.
