FOOD TIP

Crafted from 100% Spanish Iberico Pork, sourced from certified farms, our Iberico Marmalade Glazed Ham is a premium cut that delivers superior flavour, texture, and aroma, while being a rich source of unsaturated fats and oleic acid.

SLICING YOUR BONE-IN HAM

1. Place the ham on a cutting board and trim off 2 or 3 slices, parallel to its length, from the thin side of the ham. Turn the ham so that it rests on the flat side created from trimming off the slides.
2. Make vertical cuts perpendicular to the bone starting from the narrower end and working towards the thicker end. Slice only as much as you need. Uneaten ham will stay moist longer if left on the bone.

3. Cut along the bone to release the slices. Place them on a plate or platter.
4. Wrap leftovers tightly and refrigerate for up to 5 days.

**Meat Mastery
Chef Gero's Hero Tips**

- 1. Chill Out:** Take the meat out of the fridge to defrost it.
- 2. Timing is Everything:** Get the temperature and cooking time precisely right - not too hot, not too long, for perfectly tender results.
- 3. Juicy Boost:** Keep meats juicy by adding steam. Use your oven's steam function, or place a water-filled tray at the bottom if needed.
- 4. Herb Harmony:** Fresh herbs make all the difference when marinating. For added convenience, our roast meats come pre-netted, so no tying is needed—simply roast and enjoy.
- 5. Patience Makes Perfect:** Always rest your meat under foil for at least 10 minutes before slicing.

CARING FOR YOUR LIVE CHRISTMAS TREE:

- Decide where the tree is to be placed to minimise any movement after it has been installed.
- Keep your tree away from any heater, radiator, fan or direct sunlight.
- Keep the tree stand filled with ice water and avoid letting the water level go below the tree's base.
- For decorations, LED lights that give off minimal heat are recommended. Hang lighter ornaments that won't weigh down or damage the tree.

*A delivery fee of \$65 per location applies and for up to 3 trees only. Should there be an order of a 4th tree at the same location, there will be an additional \$65 fee. Self-collection is not applicable for pre-ordered trees.

Selecting the Perfect Christmas Tree: 3 Expert Tips

1. Noble or Nordmann: These premium varieties offer distinct advantages. Noble Firs boast sturdy branches and a classic pyramidal shape, while Nordmann Firs are known for their excellent needle retention and deep green color.

2. Aromatic Appeal: Immerse yourself in the holiday spirit with the fresh, forest scent of a Noble Fir. While Nordmann Firs have a milder fragrance, their other qualities make them a popular choice for those sensitive to strong aromas.

3. Size Matters: Measure your space carefully. Opt for a tree a few inches shorter than your ceiling to accommodate an eye-catching topper. Don't forget to consider width – ensure there's ample room for ornaments and foot traffic.

SWEET Sensations

A sugarp Plum dream comes true: Decadent log cakes, buttery, flaky lattice pies and delightful tarts and pudding.

🔔 Chef Gero Says... 🔔

Let's talk sweets: Every year, without fail, I stock up on delightful boxes of Cadbury Heroes Chocolates and Quality Street Toffees. They're not just candy; they're little bites of nostalgia that take me right back home.

And let me tell you a little secret: Cadbury chocolates have their own 'accents' depending on where they're made. For me, the British version hits that perfect note of childhood memories.

Splendid Soirées

From intimate family dinners to glistening gatherings, find everything needed to be the host with the most.

The image features two women in a festive setting. One woman, wearing a white halter top with black polka dots, is smiling and looking towards the other woman. The second woman, wearing a red long-sleeved top and white pants, is also smiling and looking at the first woman. They are standing behind a table laden with various holiday-themed products. To the left, a Christmas tree is decorated with lights and ornaments, with a 'Happy Christmas' sign. The products on the table include a box of Bauli Mini Choco Chips Panettone (A), a box of Dolceria Alba Tiramisu (B), a box of Walkers Luxury Mince Pies (C), a Christmas tree-shaped tin of Walkers biscuits (D), a tube of Grandma Wild's Ornate Biscuits Assorted (E), and a tin of Asher's Highland Single Malt Whisky Cakes (F). The products are arranged on a white tablecloth, with some items like the mince pies and biscuits displayed on small stands.

From left to right: A. Bauli Mini Choco Chips Panettone (90g, \$6.00) • B. Dolceria Alba Tiramisu (500g, \$14.95) • C. Walkers Luxury Mince Pies (372g, \$10.35) • D.
